Ping G30 Drivers \$299

Ping G30 Fairway Woods \$199

Ping Hybrids \$179

From the Course

We managed to accomplish most of our May goals on the golf course. We got the new landscape lights installed around the front of the clubhouse, removed the old timbers floating in 16 pond and used the rock pile to fill in the voids around the pond bank, cut down three trees and ground about 15 stumps from the past seasons tree removal, planted the flowers, edged the bunkers, and watched and repaired almost 100 percent of the irrigation system.

In June we will make some more applications to turf as we get ready for all of the things a South Dakota summer can bring. Crews will be out edging cart paths, making an irrigation addition on hole 1, and working on some cart path drainage where rain and irrigation water puddle. I have plans to start making some progress on 7 pond and we will potentially be adding some more concrete at the shop. The new ladies tee on 10 will open first thing this month too.

Other projects that will happen this summer are some shrub removal around the South entrance on the South cart barn and some tree replacement along Peninah Street where the almost forgotten 2011 hail storm killed a few pine trees.

The golf course and the pool are really in fine shape so far this season thanks to timely weather and a seasoned group of seasonal staff. Don't forget to use and enjoy your entire facility for family recreation.

From the Clubhouse

We have kicked off the season in full swing. We have a busy month with Golf Events and Wedding Receptions. Keep an eye out for limited dining service emails. I will try to be open for Members as much as possible thru the summer.

On June 15th we have a Family Night planned with Pizzas and Poolside service. Stay tuned for more details.

The Ladies and Men's Invitational Tournaments are right around the corner. I am excited to meet new faces and see these great events thru.

Ask your bartender what is new in the bar. We have new IPA's, local and regional beers, and love to make specialty drinks with our new whiskeys, rums, and other libations. The Traveler's List is complete with award winning wines from around the world.

If you are relaxing at the Pool give us a call to place an order for drinks and food. We will also have servers checking the pool on the hour to see if anyone needs anything.

Remember we are open Saturdays for dinner. Reservations are always welcome so we can get a table ready for you. Here are some of the features I have planned for June: Seafood Quesadillas, Buffalo Ribeye, Curried Lamb, Steak and Shrimp and, of course, some great soups like Beer Cheese Soup. Enjoy!

***Open Dining available Tuesday-Saturday
11am-Close***

***Open Lounge available Tuesday-Saturday
11am-Close
Sunday 1pm-6pm***

Hillcrest Newsletter

June, 2016

Upcoming Events:

From the Golf Shop

Tip of the month: Right Handed Golfers. When you need to hit it high (over a tree or a high pitch) position the golf ball more off your left foot. When you need to hit it low (under a tree or a low bump and run) position the golf ball more off your right foot.

If you have not taken a lesson in a while, I video your swing, so you can see what your swing looks like. This really helps golfers understand what is going on in their golf swing. Individual lessons are \$45, Series of 3 lessons are \$110. With the series of 3 lessons we cover iron play, woods, and the short game. Lesson times are available when it is a good time for the golfer.

Having trouble with distances? Schedule a time to get on the ES 14 launch monitor. This monitor measures ball speed, distance, spin of the ball, and launch angle. The optimum launch for a ball coming off the driver is 13-15 degrees.

Try the NEW Callaway Mac Daddy PM Grind Wedge. The wedge is great out of the bunkers and pitching around the green. Try it in the black finish.
